#### Product Description

Crafted with sustainability in mind, Target Baits' Insecta Pro 34 Base Mix offers an eco-friendly bait solution that delivers results all year long.

Designed to closely mimic a carp's natural diet, this innovative mix harnesses the power of black soldier fly larvae, triggering a powerful and irresistible feeding response.

Packed with high-quality insect proteins alongside a blend of vegetable proteins, milk powders, seeds, and yeasts, InsectaPro 34 is rich in essential amino acids, boosting both nutrition and natural palatability. The added Insecta Amino, exclusive to Target Baits, further enhances its nutritional performance, ensuring optimal attraction and nourishment for carp.

Insecta Pro 34 provides a versatile, dependable bait mix that carp can't resist, perfect for anglers seeking a natural and sustainable edge.

Use approximately 10 eggs per Kg of dry base mix, depending upon other liquids added.
