

TARGET BAITS VANILLA

Key Points:

- ✓ Rich Vanilla Flavour
- ✓ Creamy Undertones
- ✓ Extremely Attractive

Product Description

If you are looking for a smooth, creamy flavour then Vanilla is unbeatable!

With superb creamy undertones, delivering a very rich vanilla flavour Target Baits Vanilla is an extremely attractive but subtle flavour that will go on working over long periods to help boost your pulling power.

Combining up to 50 different aromatic molecules in one single formula Vanilla flavour has been carefully formulated for a very effective result, helping to optimise the smell / aroma which in turn will help improve the attractiveness of the bait.

Vanilla Flavour is ideal for use in base mixes, pop ups, ground baits and a spod mix when a rich, creamy flavour is required.
