

TARGET BAITS

SEMOLINA

Key Points:

- ✓ Fine Semolina

Product Description

This high quality, human grade fine semolina is very attractive to fish. As an insoluble ingredient it is commonly used to bind and gently harden baits to ease the rolling process, and if you find that you have a sticky base mix you can add semolina to counteract the affect. Use up to 500g per Kg.

Country of Origin: Belgium

Physical Properties

Flavour & Odour: Subtle

Colour: Yellow / Cream free flowing powder.

Nutritional Information
